# SONLOK<sup>TM</sup> 3540 Anaerobic Core & Plug Sealant

SONLOK 3540 is a high performance, high strength anaerobic thread sealant designed for the sealing of core plugs and many other high strength sealing applications. The product cures rapidly in the absence of air between close fitting metal surfaces.

SONLOK 3540 is ideal to seal against gases, water, LPG, hydrocarbons, oils and other chemicals. Excellent thixotropic property prevents migration of the sealant before or during curing.

#### **Applications:**

 Ideal for sealing and securing cylindrical metal assemblies, e.g. engine block cup and core plugs, water pump seals, and hub and shaft assemblies.
